To Whom It May Concern

Please treat this is a recommendation of research services from Mordor Intelligence. As a research analyst myself I know the process required to produce relevant actionable for insight for ad-hoc report requests for any given sectors.

I have been working with Mordor Intelligence for just over six months now and they have supported me in delivering intelligence and insight in the Transport Industry. I have been impressed with the quality of information and output they have delivered, they also value time and will deliver within a stipulated deadline.

They are extremely competitively priced yet deliver a high quality of work, extremely conscientious with what they deliver and will take on board feedback and work to resolve any concerns should they arise.

I have been very satisfied with their work and the way they conduct business and can highly recommend them .

Thanking You

Anita Sharma
